

GET A FLU SHOT.

Schedule a Flu Clinic and protect
your best assets: your employees!

Flu-free at work or working from home

During this pandemic, it's more important than ever to protect the health of your employees, whether working from home or on-site.

Did you know:

- The flu costs U.S. businesses approximately \$7 billion every flu season.
- Flu shots reduce your employees' flu risk by 40 – 60%.

Make a plan:

- Order flu shot vouchers redeemable at any Rite Aid pharmacy.
- Or schedule an on-site flu clinic.

Want more protection?

- Add pneumonia, shingles, tetanus or hepatitis A or B immunizations to your clinic.

Whatever your choice, we will continue to do everything we can to provide you and those around you with quality care and protection.

It's not too late. Protect your employees
with a Workplace Flu Shot Program. Visit:
